Dear Sir:

Minken Patrick Yeh, declares:

1. That he is an expert in the field of gas mixing technology.
2. That he is the president of ParvoMedics, Inc..
3. That he has reviewed the claims of the above referenced patent application.
4. That the transmission of gas through a bifurcated / multiple channel baffle produces different mixing results than transmission through a single channel baffle.

5. That the process of transmitting / redirecting gas through a baffle with a single opening is different from transmitting / bifurcating gas through a baffle with multiple openings.
6. That all statements made of his own knowledge are true and all statements made on information and belief are believed to be true; and, further, that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code and that such willful, false statements may jeopardize the validity of the application or document or any patent resulting therefrom.

Dated this 11<sup>th</sup> day of September, 2005.

Respectfully Submitted,

Minken Patrick Yeh
